

COLOR OF EDUCATION

### **Diego Mureño**

I am a proud Chicano. My parents came to this country from Mexico seeking the American Dream. Through hard work and education, they and their children have been able to do amazing things. I have degrees from Lenoir-Rhyne University and High Point University. At Newton-Conover City Schools, I have served as a 6th grade ELA/Social Studies teacher, an Administrative Intern, and a 2nd grade Dual Immersion teacher. I am so fortunate to serve the children of North Carolina.
